**Subject:** RE: EFX Hearing/Contact with third parties

Stewart,

Enclosed, please find some revisions to the draft script you forwarded to us (redline and clean versions). We're also finalizing a letter to the former employees, which your office could send letting them know that they may receive a call from one of us. That will come shortly.

Hopefully, this dispenses with the need for a hearing. We're available to discuss.

Amy

Norm,

Thanks for your patience on this. Attached is the script that we would propose. Please let us know if you have any comments or if we need to discuss.

We also have no other agenda items and think it makes sense to ask the court to cancel the hearing, as much as I know that you'd like to visit ATL in July.

Stewart

Subject: EFX Hearing/Contact with third parties

Stewart, we need to figure out if we're going to close this out in the next 24 hour. Please send the script you have in mind for ex-employees. I'm in court all day tomorrow in CA so today is best. We have no other agenda items if this is resolved.

Thanks,

Norm.
